

9th International Seminar of the European Palliative Care Research Centre

-Meet colleagues and discuss projects

New Treatments New Solutions?

Krems, Austria

October 23.-25. 2019

Registration

Registration for early birds: **280 Euro**

Registration after August 1: **320 Euro**

Registration, programme and more information available at our website: www.pallres.org

Abstract submission at pallres.org - Deadline August 15.

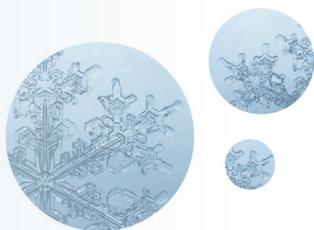

A substantial part of the programme will be abstractdriven, with many available slots for both oral and poster presentations.

Highlights from the program

- Integration of oncology and palliative care
- End of life care
- New drugs - still a need for palliative care?
- Patient reported outcome measures
- Cancer pain
- Cancer cachexia
- Patient - centred care

Join the pre-seminar October 23 for the opportunity to present your project and get feedback from some of the most experienced scientists in the field.

This is an unique opportunity to get to know and meet colleagues, discuss projects and make plans for the future.
